DATA SHEET

COLD - BOX

PRM CB 02

Description

PRM CB 02 is a modified, solvent containing polyisocyanate.

Application

For use in the Cold-Box process.
Special additives provide a long sand mix bench life.

Physical Properties

Appearance: Liquid, Dark Brown
Density (20 ° C): $1.170 \pm 0.005 \text{ g / cm}^3$
Viscosity (20 ° C): 60 - 80 mPa · s
Storage Life (15 - 20 ° C): 6 - 9 months
Flash Point (DIN 51755): 73 ° C

Important Note

Moisture destroys the efficiency of the activator
